How many hours per week do my responsibilities outside of school take up?

Thinking about my strengths, skills, and support system, how will I overcome these anticipated challenges?

My Plan for Studying

For each 1 credit hour, I will commit up to 2 hours of preparation, studying or homework outside of class.
1 credit = 3 hours of school commitment per week. For example:

8 credits requires 8 hours in class + 16 hours of homework = 24 hours of school commitment per week

# of Credit Hours <i>(credit hours x2 per week)</i>	# of Study Hours <i>(hours in class per week)</i>	Hours of School Commitment <i>(credit hours + study hours per week)</i>
