

## English for Academic Purposes (EAP) Overview

The English for Academic Purposes (EAP) Program is designed to help English learners enter and succeed in the community and technical college system as well as in the transfer curriculum.

Courses in the EAP Program focus on speaking and listening, reading and vocabulary, writing and grammar, and pronunciation.

Students must complete or test out of High Intermediate and Advanced level courses in the EAP Program. Third semester options depend on a student's major and language ability. Some students may enroll in an English-EAPP Learning Community (LCOM), others may take READ 0722: Reading 2 and ENGL 0922: Fundamentals of Writing 2, and some may begin a career or technical program. Students will work with EAP Program Faculty and Advisors to choose the courses that best fit their needs and major requirements. Students interested in enrolling in the EAP Program must take the ESL ACCUPLACER test. This test assesses reading, listening and grammar ability.
