Beginning at the Summer 2019 term, textbooks will only be available online for Saint Paul College.

**Why are textbooks only available online now?**
By using a shared service format for textbook sales, we can continue to attack textbook affordability issues, while maintaining a sustainable Bookstore.

**Why is the textbook ordering period open for a certain amount of time?**
All textbook titles are not available throughout the whole year. Each semester, textbooks are ordered for courses that are offered during the current semester. The textbook overstock from each semester needs to be returned before the upcoming semester’s ordering period. Also, students with Financial Aid must have an account created with the Virtual Bookstore before the ordering period. These accounts are available until a week before the semester disbursement date & need to be purged before the start of a new ordering period.

**Where are the textbooks located now?**
Textbooks will be located in the Minnesota Textbook Center, a warehouse facility. The center sells textbooks for several colleges across the Minnesota State system.

**Will students have to pay for shipping?**
Free shipping is offered to your home each semester through the Friday before the start of the term. Order pick up at Saint Paul College is always free.

**What website do students visit to place their textbook and course materials orders?**
Students may order their textbooks and course materials online by visiting the Saint Paul College Virtual Bookstore website at saintpaulcollegebookstore.com/Home.

**Where may students receive help on campus to order their textbooks?**
The Saint Paul College Campus Store is where! The Computer stations outside the Campus Store will be staffed to help students place their online orders at the beginning of the ordering period. The Campus Store Staff will cheerfully help with ordering online throughout the semester.
How long until an order is ready for pick up?
Orders are generally ready to be shipped or picked up within 3-5 business days. Shipping within the metro area is typically one business day via UPS.
