34.6% of graduates continued their education immediately after graduation

Data reflects graduates who self-reported employment within one year of program completion. Data collected from 2021 graduates. Percent placed: Percentage of graduates available for placement, who reported accepting related employment. In some cases, data is collected by college faculty/staff on behalf of the graduate.

* The established standard for obtaining an 80-85% response rate to the graduate follow-up survey was not met for the FY2021 cohort of graduates from Saint Paul College. Caution should be exercised in interpreting survey results in that they may not be fully representative of the graduates' outcomes at large.
