The definition of PSEO students includes all forms of PSEO including but not limited to traditional PSEO, Concurrent Enrollment, PSEO by Contract, Career and Technical education, grant-paid college credit bearing courses, and Gateway to College. See [PSEO Reference Guide](#) for definitions of PSEO programs.

1. PSEO Orientation must also be completed by students who have been in the program before but not enrolled for one or more fall or spring semesters.

6. PSEO is an opportunity for Minnesota resident high school students to earn dual credit for both high school and college. Saint Paul College can drop or prevent students from enrolling in classes that do not fulfill their high school graduation requirements.
7. PSEO students are expected to attend class on time, stay for the duration of class, communicate with instructors in a timely manner when late, absent, or in need of assistance and participate, listen, and engage in class. 9. Saint Paul College may request to a student's high school that the student be enrolled back in high school courses while a semester is in progress if course grade or progress data indicate the student will not or cannot pass their college course with a grade of D or higher. This is to keep students on track for graduation.
